We are excited to offer this convenient, efficient and cost effective option for residents to recycle organics.

The organics drop off container is located at the Public Works Facility at 2510 Woodbridge Rd. (under the water tower) and is available to you 24 hours a day. The container is equipped with a combination padlock to prevent illegal dumping. Contact City Hall at info@ci.minnetonka-beach.mn.us or 952-471-8878 to get the keypad combination to use the container.

We encourage the use of compostable bags to control odor and keep the site clean. All compostable bags must be labeled with the BPI Certification Logo as shown below. These bags are available at most local retail outlets, grocery stores, hardware stores etc. Paper grocery bags may also be used.

What material is acceptable in the drop off program? Simply put, this program is for foods scraps and food soiled paper and certified compostable products. Hennepin County has created an organics recycling guide with more information on what is acceptable and tips for participating. The Organics Recycling Guide is enclosed in this quarter's utility bill.

More information on organics recycling and its benefits can be found at <https://www.hennepin.us/organics>

Any non-food products must have this logo:

Thank you and please let us know if you have any questions.

Sincerely,

Your City Staff

Heidi, Jane & Fawn
