Subject: HF1087

For almost 10 years, I lived and served on the City Council and Planning Commission in Minnetonka Beach. I have firsthand knowledge of the challenges related to the water treatment plant. Previous Mayor Jaci Lindstrom and new Mayor Joe Pagano have worked hard to address this problem, so that the residents can have clean, accessible, and safe drinking water. For that very reason, I was excited to chief authored HF1087 to provide the needed funding of a new water treatment plant. I hope to work with all interested parties and across the aisle to accomplish this solution for Your Backyard.
